SUMMARY

Computer Science student with experience in web and mobile application development, database management, and software design through academic and personal projects. Gained practical experience in software testing during an internship, including test case execution and collaboration with cross-functional teams. Passionate about developing reliable software solutions and applying technical and problem-solving skills while continuing to grow professionally in the IT industry.

EDUCATION

Diploma in Computer Science **Aug 2024 - Oct 2026**
Universiti Poly-Tech Malaysia (UPTM), CGPA: 3.90

SKILLS

Languages	Malay (Native), English (Fluent)
Programming Languages	Java, Kotlin, HTML, CSS, JavaScript, PHP, Python
Software & Tools	Android Studio, Visual Studio Code, Git & Github, XAMPP, Firebase Console, Figma & Pencil Project (UI/UX Design), Canva (Design)
Soft Skills	Problem-solving, Collaboration, Communication, Attention to Detail, Adaptability

PROJECTS

Training Module Revamp – Entomo Portal (Internship Mini Project)

Tech Stack: HTML, CSS, JavaScript, Firebase

- Revamped the existing training module by enhancing functionality for both Admin and Employees to improve training management and the learning experience.

MYPOCKET, Productivity App (Final Year Project 2026)

Tech Stack: Kotlin, Room Database

- Built an Android application that helps users organize daily tasks and manage personal finances in a single platform.
- Designed user-focused workflows for managing tasks, expenses, and budgets, resulting in a practical mobile solution for everyday use.

WORK EXPERIENCE

Quality Assurance Intern **July 2026 - Oct 2026**
Entomo Digital Sdn. Bhd. (Kuala Lumpur)

- Executed software testing using test cases within a Scrum-based Agile workflow, collaborating with Product Owners and the Engineering Team through Jira to verify functionality and ensure software quality.

LEADERSHIP & ACTIVITIES

Peer Mentoring Facilitator (Programming Subject) **Sep 2025 - Nov 2025**

- Assisted students from various courses in understanding programming concepts by providing coding guidance, supporting interactive learning activities, and creating structured study notes based on the Fundamentals of Programming syllabus.

New Student Orientation Facilitator **Dec 2024**

- Guided and supported new students throughout orientation activities while coordinating group sessions and fostering an engaging, inclusive environment to ensure a smooth onboarding experience.

CERTIFICATE

Senate Award, Universiti Poly-Tech Malaysia (UPTM), Session 08/24 **Aug 2024**
